

Parking Rules

Parking is included when you use Pogo and it's super easy too! Before you end your trip, check the parking signs around your Pogo to make sure you are following our Parking Rules. Once you know you're parked in a proper spot, end your trip and walk away, it's seriously that easy.

Did you check the Parking Rules sheet and still don't know if you are parked legally? You can reach our customer service team by phone or email and they can help assist with any questions or concerns on parking.

WHERE TO PARK
